STUDENT VETERINARY ASSISTANT
Part-Time

Gage Animal Hospital provides paid internships, on the job training, and mentorships for undergraduate students, new graduates, and graduate students on a rotating basis.

Responsibilities include: assisting veterinarians with examinations and surgeries; performing laboratory testing of blood and fecal samples; animal care including basic grooming and exercising; maintain product inventory and a safe, sanitary, and orderly work space.

Qualifications: Completion of at least sophomore year of college, pursuing a degree in life sciences, with an overall GPA of 3.5 or higher. Successful applicant will possess laboratory testing experience, be able to lift at least 50 pounds, love animals and be comfortable working in close proximity to them.

Work hours are flexible with coursework throughout work week.

Pay commensurate with experience, starting at \$13/hour.
